Holland Hospital Laboratory Services provides nursing home and home-phlebotomy services for nonambulatory patients.

Holland Hospital Laboratory Services supports specimen collection by physician office staff by providing appropriate collection supplies.

Specimen pickups are handled by Holland Hospital Laboratory Services couriers 24 hours a day, 365 days a year. Courier stops can be established on a routine basis or as needed by individual clients.

Testing Provided by Holland Hospital Laboratory Services

- A complete menu of testing including cytology, histopathology, blood bank, chemistry, hematology, urinalysis, microbiology, virology, coagulation, immunology, serology, and toxicology including drugs of abuse testing.
- A service to hospital inpatients as well as emergency and primary care patients. This location provides access to the laboratory 24 hours a day, 365 days a year.
- Holland Hospital Laboratory Services has a collaborative relationship with Mayo Medical Laboratories. With this relationship comes a tradition of enhanced efficiency, turnaround time, and clinical relevance and technical support in the delivery of clinical laboratory services.
